Before I got my eye put out —  
I lived as well to see  
other creatures, that have eyes.—  
As other way —  
And know no other way —

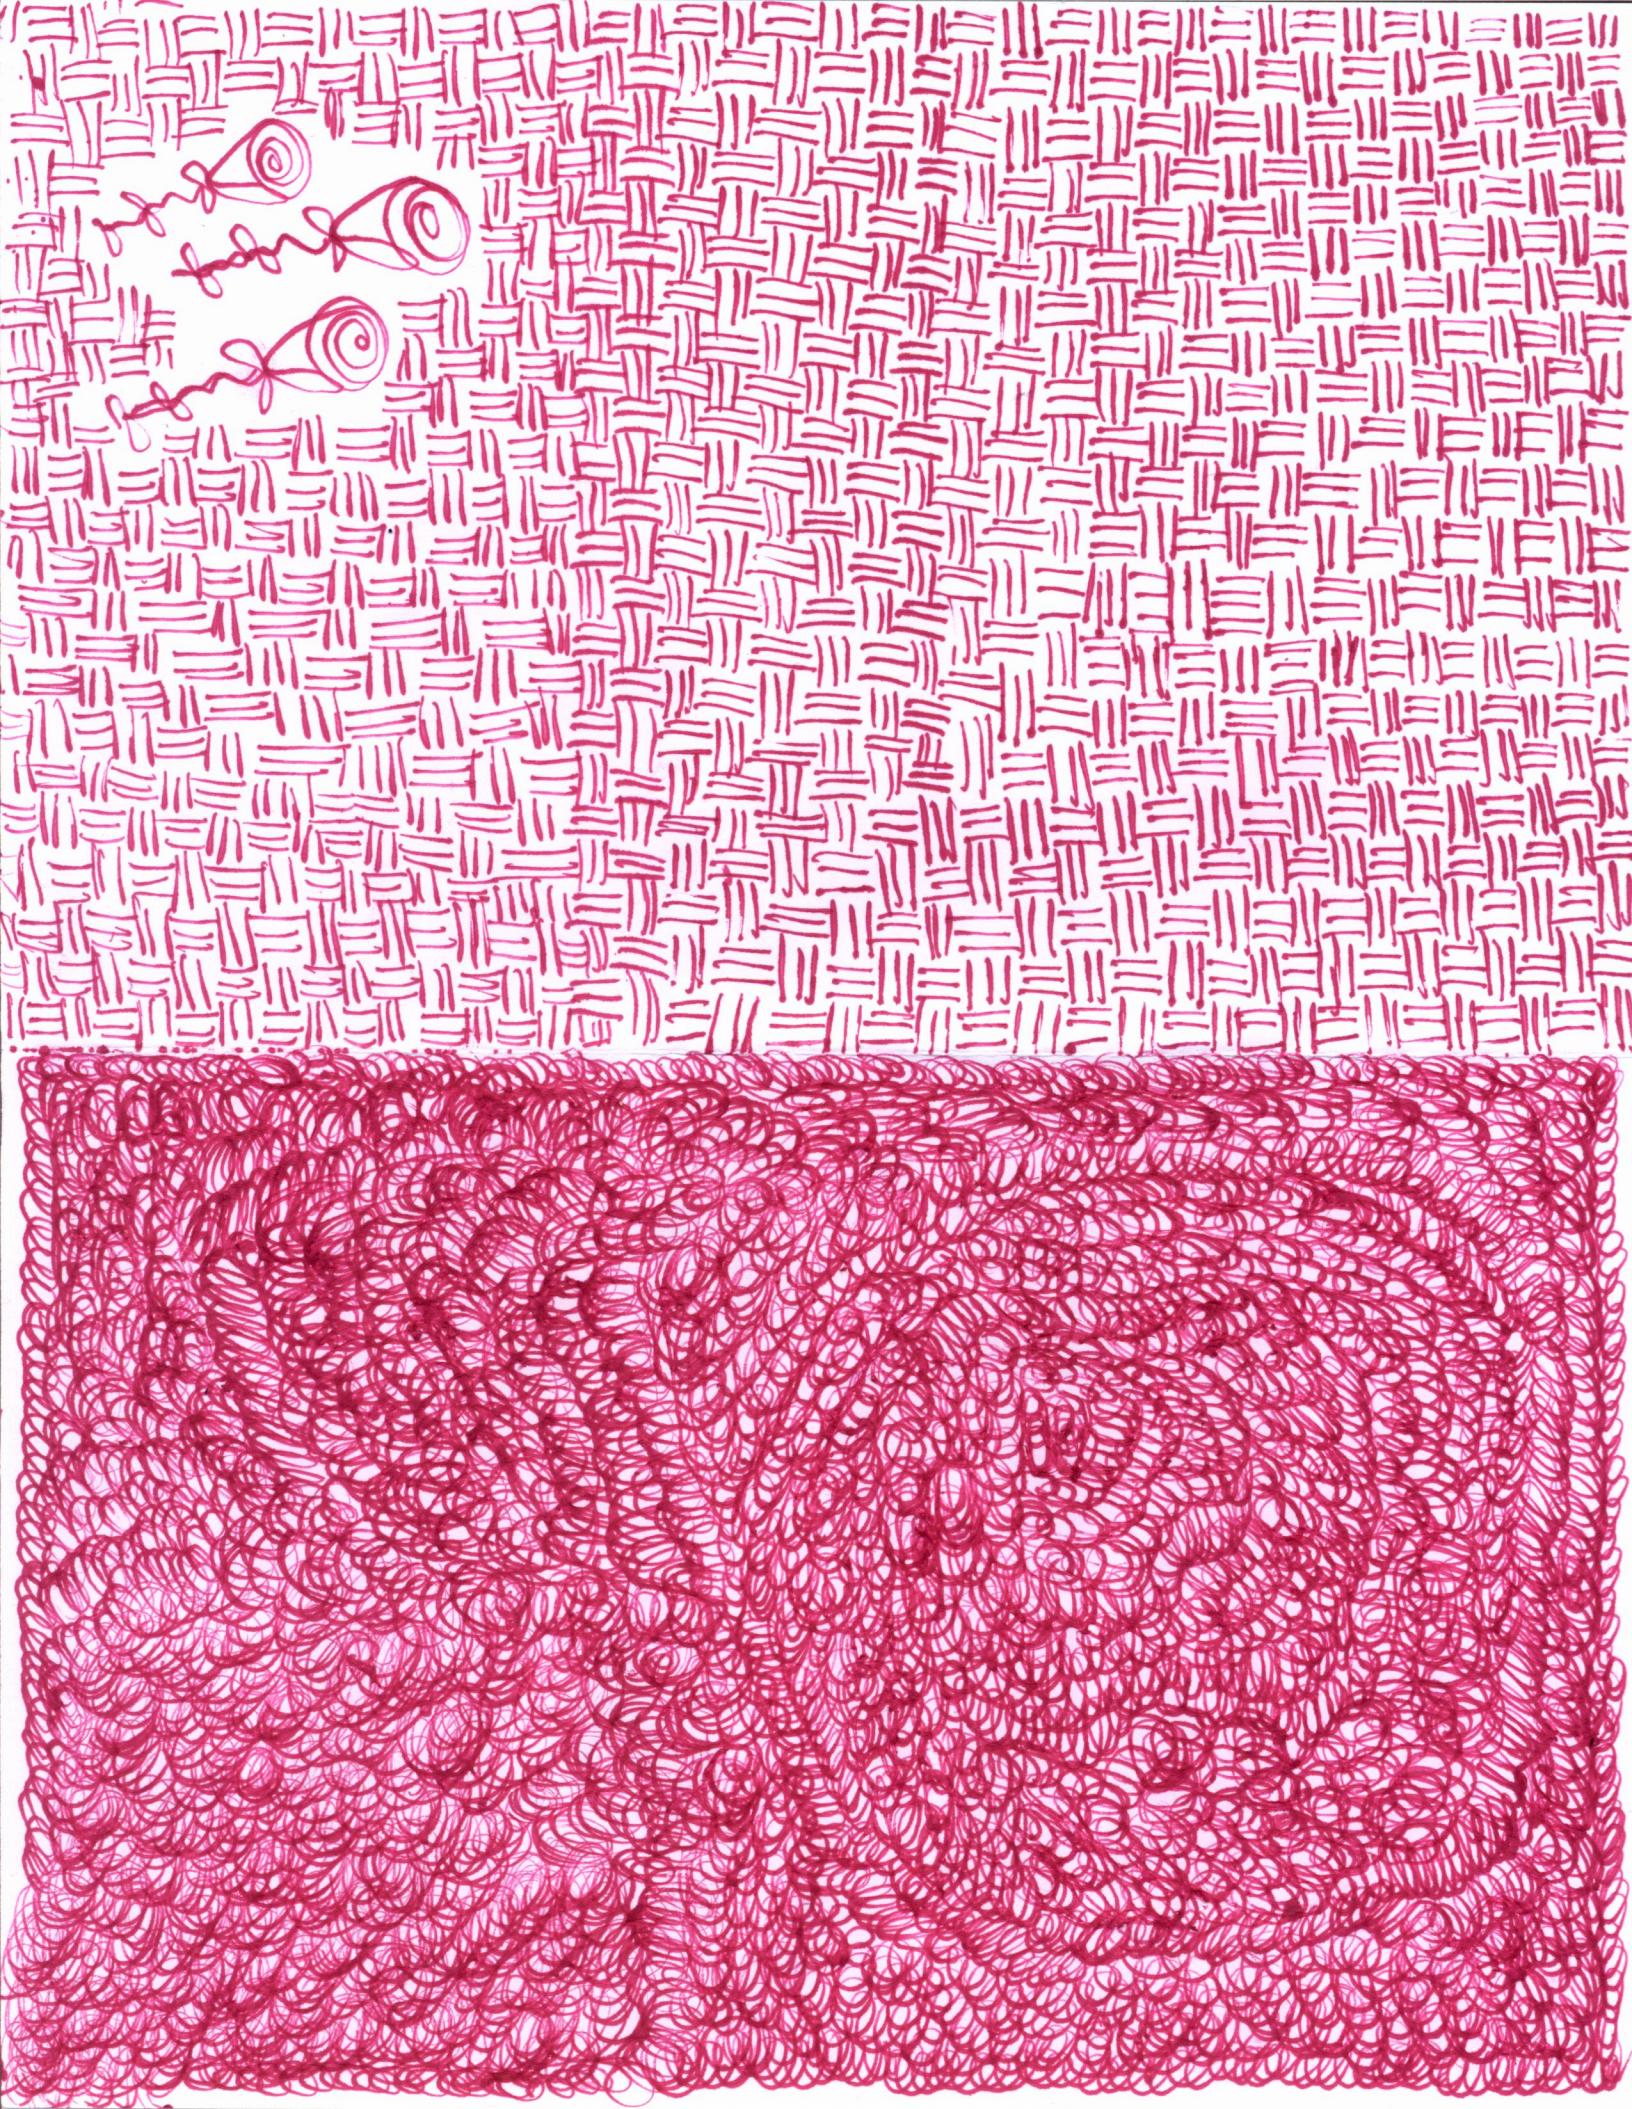

But were it told to me, Today!  
That I might have the sickly  
Heart  
For mine! tell you that my  
Would split, for size of me —

The Meadows — vine —  
The mountains — vine —  
All Forests — Starless stars —  
As much of moon, as I could take —  
Between my finite eyes —

The Dipping Birds —  
The Motions of Amber Board —  
The Morning — to look at when liked  
For mine — to strive ne dead —  
The news would strive

so safer — guess — with just my soul  
Open the window pane  
Where other creatures put their eyes —  
Incautions — of the Sun —

— Emily Dickinson
